Graduates

— Vocational Horizons

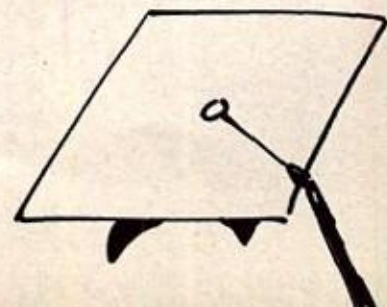

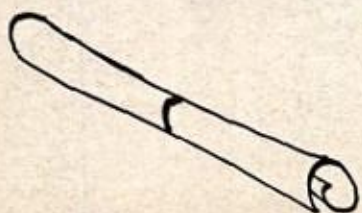

January Class History

Most of us entered R. U. from either Volney Smith, Roosevelt, or Fisher and became one big happy family. Mr. Nevins began the year as sponsor but gave it up after a few months.

We started our sophomore year the same way-without a sponsor. Poor Mr. Shoemaker was forced to take us under his wing. Under his watchful eye we gave the May Dance, which put our treasury in the red five dollars. We then decided to have a bake sale. After this, our treasury looked about the same; it seems that our class has a lot of people that like cake.

We started our junior year without a sponsor again, but since no one else would take us we were frequently visited by the big brass. During our junior year we were as idle as the Sphinx in Egypt. Our treasury was also idle.

Our Senior year Mrs. Faustman became our sponsor. But during this year about three-fourths of our class decided to graduate early and left us with nothing but good memories. By some fateful miracle we got the job of selling cokes at the football games and received 60% of the profits for our treasury. Through the excellent efforts of Lynn Neindorf, George Kalinovik, Herman Luitink, and Bill Scanlan, and with the supervision of our sponsor Mrs. Faustman, we built up our treasury considerably. We gave a dance after the football game with Bentley which was very profitable. Then we sponsored the Christmas Tea. For one day in the year all the levis disappeared from the school. The tea was really a success. Finally, those last busy days before commencement came. We leave with happy memories.

June Class History

Four long years ago, in the dim, dark, distant past, we were Freshmen. Our sponsors were Mr. Grimshaw and Mrs. June. We were an exceptionally bright group of Freshmen, or at least that's how we felt.

At Christmas we had a Freshman Christmas Party. Also, the girls held a tea and invited their mothers. They made the cookies and the punch in the home economics room.

That about finished up our Freshman Year except for our class picnic in June at which everyone got a sunburn and a stomachache.

Then we were Sophomores and we had Mr. Grimshaw again for the boys sponsor, and Mr. Harrison took Mrs. June's place as the sponsor of the girls. During this year we threw the Sadie Hawkin's Dance and it was very successful.

Christmas came and since we were Sophomores, we were invited to the Christmas Tea; that made us feel very important. But drat the luck! the day before the tea it was called off on account of a bad snow storm which left the roads icy.

Completely confident of our dance-giving ability, we attempted to throw the Shamrock Shimmy. Everything was all set, but at the last minute Mr. Grimshaw informed us that we had omitted his signature on the requisition; therefore, we would give no dance!!! So, there was nothing for us to do but gallantly turn over the dance to the class directly behind us, who, in turn, had nothing to do but rake in the money. It was a very successful dance and with green eyes we watched them make more money than any other class had ever done.

But still undaunted, some of the kids from the class sold hotdogs at the football games and donated their profits to our class.

The last thing that happened that year was our successful picnic at Cass Lake. This was a big hit, with everyone still alive but quite worn out at the end of the day.

In September when we came back to school, we felt proud that we were Juniors. But underneath all the glory of being a Junior, we found that we had added responsibilities. We had to throw the Senior Prom. Early in October, Mr. Grimshaw called a committee to start planning for the prom. Besides securing a band and a place to throw it, we found that we would need money. This was the difficult part. Our first money-making adventure was the purchase of 200 "School Daze" auto-graph books at fifteen cents each, to be sold for a quarter each. It didn't exactly go over with a tremendous bang! In fact, we had 150 left. So, a few months later, we announced that we had obtained a new shipment of these much sought after books and would again sell them. We still had some left.

We gave two dances which were fairly successful. We levied heavy dues on our class. We certainly were an unselfish class, because we had no thought of making a profit on the prom; we scarcely dared to hope that we would break even. But virtue is its own reward and we made \$200. During that year, we also took an educational(?) trip to Greenfield Village in two excursions. Outside of a few who missed the bus, we certainly all enjoyed it.

The very last activity of the year was our picnic. This was the year we got to go on the Junior-Senior Picnic. We went to Cass Lake again, and this time, because there were two groups instead of one we really had a swell time.

We entered our Senior Year with a swelled treasury. We went quickly about the business of being seniors. We had our Senior Pictures taken, cap and gown measurements, and lively debates on where to go on our class trip.

Somewhere in the schuffle, we obtained two new sponsors; Miss Arnold and Mr. Dempster. In November, we gave a striking theatrical production, The Senior Play--"What a Life." It was a comedy with Jerry Kelly cast in the lead as Henry Aldrich. Like everything else we gave, it was a tremendous success and we made \$200 profit.

Because we were drawn together in our common position as leading students in the school, a wave of social feeling sprang up and resulted in Senior Parties. We were quite surprised to find that a lot of our fellow classmates were really fun. We only regretted that we hadn't got together sooner in the lower grades.

Again in one last desperate stand, we tried to unload our "School Daze" on the new batch of Freshmen. We sold about 25 of them, which left us with another 25. However, we did do better by selling refreshments at the basketball games.

Christmas came and went with the annual Christmas Tea and during the holidays there were several parties composed mostly of Seniors.

Spring days were crowded with activities as graduation drew near. We shall always remember our Senior trip, practicing for commencement, and the other events of those last weeks. All and all during our Senior Year, "we lived it up"; and, of course, we did well in our studies too.

GOVERNOR O.K.'S MOON EXPRESS-WAY PROJECT

In an exclusive interview today with Robert Smithers, chief reporter of the Detroit News, the Governor of Michigan, Roger Handy, stated that the state legislature approved a bill to build a fast rocket transit system between the Barbara Ann Lewis Rocket Station, just 50 miles outside Detroit, and Lunaville on the Moon.

They have engaged the Harrington & Mahler Architectural & Construction Corp. who also built the Barbara Ann Lewis Station, named in honor of our most gracious first woman President of the United States.

When asked why such an expensive construction company was engaged to do the job, Governor Handy replied, "We want nothing but the best."

Work will begin sometime next month and the project should be completed by March, 1974.

HEALTH CENTER BURNS

A fire broke out in the Health Center downtown, Denver, Colorado, Proprietors, Donna Storm and Alice Jean Olson, said the cause of the fire was a marshmallow roast they were having there to celebrate their victory in volleyball over a team from Nashville, Tenn., headed by Nancy Bigler.

The Health Center is well known for its reducing program. Many people of the movie world owe their fine figures to this Health Center.

That glamorous movie queen, Nancy Jane Barney, says, "Now that I go to the Health Center, I never have to worry about ugly excess poundage. I highly recommend the place."

FIFTH DIMENSION THEORY

Dr. Donald Champagne has announced at a speech given to a Harvard Graduating Class that he has come up with a new theory of relativity. It brings in a fifth dimension - Spirit. This is the formula:

His colleague, Dr. Gary Gores, said, "It's a most interesting theory, but, of course, it will be a while before we can prove it."

TROUBLE WITH MEXICO

Thelma Ensign, Ambassador to Mexico, reports that she just can't seem to get along with the Mexicans. "They put too much spice in their food," says Miss Ensign.

President Barbara Lewis has urged her to try harder to avert an international crisis. "If she doesn't work out, I shall have to replace her with Dan Wingate and send Thelma as our Ambassador to Antarctica," said the President.

DRESSING FIRM TO OPEN

The magnificent and gala opening of Rachel's in Las Vegas will take place this week. The old establishment was located on Fifth Avenue, New York; but many people are of the opinion that Fifth Avenue is losing its prestige. It started to fall off when Saks, Bergdorf Goodman, and Bonwit Teller made their headquarters on Venus.

Such world famous models as Jacqueline Skrade will be on hand to model the newest creations by Rachel. The 10 story building has been completely decorated by Noel Krichbaum & Co. Champagne and peanut butter sandwiches will be served. Many well known figures will attend the opening. Among them will be: Jay Finch, buyer for the Woodward shops of Hudson's; Jean Place, Broadway actress; Nanette Bath, Duchess of Windsley; Janet Girou, buyer from Paris.

Fath, Schaparelli and Dior are employed there as seamstresses.

Adjacent to the dress shop are shops selling oil paintings and books on philosophy-also by Rachel.

NEW FOOD CHAIN TO OPEN

Several persons have organized a new food store chain. It is to be the Fisher, Koski, Kempster, and Mohnkern Co.

It will be abbreviated to the F.K.K.M. Friendly Foods Stores. These five people were previously in a furnace manufacturing venture which failed, but they credit the failure to the fact that the natives of the Amazon didn't have any money to buy furnaces.

NEW COMET ON THE HORIZON

A spectacular new concern, Maddick & Co., has become very prominent in the New York and Toronto Stock Exchanges. Maddick & Co., is some kind of mining company, although no one knows for sure just what it is. That seems to be one reason for its success. Every one buys stock in hopes of learning exactly what the company does.

W. J. Murphy, a scientist, says that he is sure that it is some kind of hoax organization. "I wish people would be more careful what kind of company they invest in," said Murphy.

Leon Fulks, speculator in the stock exchange, says Murphy is just bitter. "He couldn't get any stock for himself, and the company has tripled in value since January."

WHAT A LIFE

A new play is in the making. Amateurs compose the entire cast, stage crew and directors. The play is WHAT A LIFE. This play was given first about 20 years ago in a relatively obscure high school, Redford Union. The magnificent acting and staging was responsible for its tremendous success. Each year on Broadway the play is revived, but this year is the first attempt to produce it with entirely amateur cast. Here is the cast:

Colleen Anderson-Miss Shay
Kathleen Buckberry-Barbara
Dale Dreaver-Mr. Bradley
Bob Barron-Henry Aldridge
Waldo Anderson-George Bigelo
Evelyn Shaylor-Miss Pike
Marlene Osterle-Miss Johnson
Ronald W. Johnston-Mrs. Patterson
Marion Marr-Mary
Betty Faulkner-Mrs. Aldridge
Joanne Arold, Sally Aubry, and Helen Barton are on the makeup committee. Bolitho, Voss, and Meadors are Stage Hands.

RED WING PLAYER BREAKS LEG

Yesterday in a game against the Montreal Canadians, the Red Wing star center tripped and broke his leg. As a result, the Red Wings lost 9-0.

Coach Dave Glatfelter said he certainly hoped Snyder would recover soon. "All the boys on the team send him flowers every day," said Glatfelter.

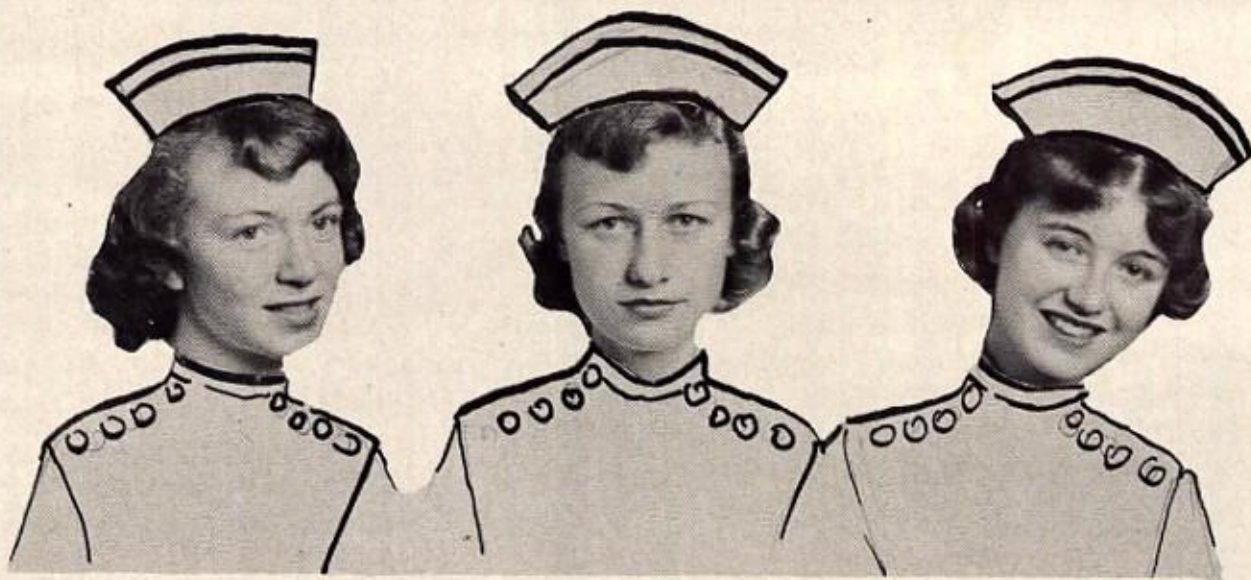

BASKETBALL

The latest fad for 4-man basketball teams has produced several games. The latest one in New Jersey had a score of 75-72. It was a contest between a girls' team and the boys' team.

The all-girl team was composed of Eileen Schunder, Angeline Maisano, Mary Anne Nichols, and Kathleen Webb.

The boys' team was composed of Jerry Pearson, Keith Jorgenson, Bill Mitchell, and Thurman Warford.

It was truly an interesting game, and it was another example of how wonderful science is. These players would have been past their prime years ago if they didn't have super-vitamin capsules to take.

MONOPOLY ON COLA DRINKS

Robert Marr, heading a senate Anti-trust committee, reported that they are busily investigating a trust composed of various cola companies.

Karl Schwab, president of Crazy Cola Co., and spokesman for the group, said he is sure that the Senate committee won't be able to pin anything on the organization. "We're just a few friends organizing for the purpose of playing Canasta," he said.

The incriminated are:

Shirley Barron, Pres. of the Popsi Cola Co.; Pat Cross, Pres. of the Cozy Cola Co.; Betty Faulkner, Pres. of the Snestles Cola Co.; George Richards, Pres. of the Pop's Root Beer Co.; Richard Poole, Pres. of Vermin Gingerale; Juanita Sinift, Pres. of the Man-am-I Dry Co.

SHOWER HELD (SOCIETY NEWS)

Mrs. Christine Sutherland Rockefeller entertained in her lovely home in Grosse Pointe today. The occasion was a shower for Georgina Sopha. Miss Sopha is to be married to Sir James Worthington, whom she met while touring England with her trained seals.

The guests included: Jackie VanDam, who wore a lovely blue lace street length dress; Jessica Thompson, who wore a smart navy blue suit with powder blue accessories, including a powder blue mink muff; Marilyn Taylor who was in jade green chiffon with jade jewelry; Joanne Riffenburg, who was in an all black sheath dress and black accessories (her cat recently died); Marlene Oesterle wore a lovely pale pink knit suit, and Bev Gardner wore a fluffy lace blouse with a full velvet skirt.

Miss Riffenburg gave a charming vocal rendition by popular request. She was accompanied by Martiel Murphrey, well-known concert artist.

MASQUERADE PARTY HELD

Jessie Robinson, wife of the wealthy industrialist, threw a splendid masquerade party in her villa on the French Riviera.

Champagne flowed like water and fabulous foods and rare delicacies were laden on the banquet tables. Some of the most unusual costumes were worn by: Margaret Anthony, who came as the Empress Josephine; Bob Barron, who came as Napoleon; Norman Broudiecker, who came as Tarzan; DeLoris Sherman, who came as his mate, Jane; Ruth Brummit, who came as the Statue of Liberty; David Gleavinger, who came as Howdy Doody; Bob Brown, who came as Julius Caesar; Tom Schultz, who came as Mark Antony.

Miss Robinson employed extra servants to take care of the party. They were Sally McLeod, Myrna Rau, Margaret Karriek, and Joyce Gillespie. They were secured through the Rowley & Lindberg employment agency.

Bromley and Hosking were the caterers.

MISS LLOYD

WHO'S WHO IN THE ARTS DANCING SCHOOL OPENS

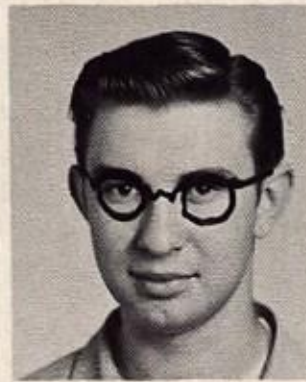

Miss Eileen Lloyd, ex-chorus girl, has opened a dancing studio in New Delhi, India. She is teaching ballet and tap along with the Bunny Hop and the Creep. Miss Lloyd reports the Indian dancers are very enthusiastic students. They seem to welcome especially the Bunny Hop as a refreshing change after centuries of doing their traditional dances.

Patrons of the Folies Bergere IN Paris will remember Miss Lloyd for her memorial performances there. As assistant teachers she has also employed some of her fellow workers from the Folies. They are Ruth Weltyk and Mary Ann Crawford. Both girls married maharajahs from India the first week they were in the country.

Lorea Schroeder and Joan Scarborough replaced Miss Weltyk and Miss Crawford in their Can-Can number at the Folies.

NEW CAR

General Motors President, Harold Nimer, announced today that they are putting out a new car called La Stelleto. It is designed by the eminent auto designer, Bob McCammont. It can do 787 m.p.h., travel over water, and mountains, and also fly. It comes equipped with spoke wheels. (See Illustration below) It will be on the market soon and will cost \$59.95.

Organizations

—Social Horizons

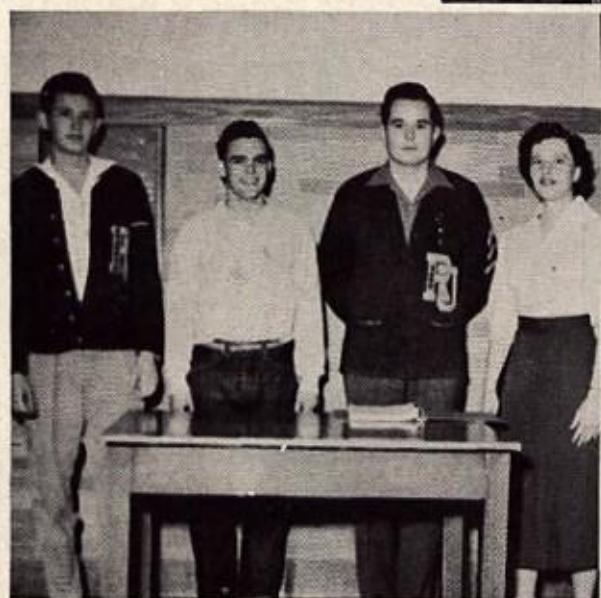

Student Council

The Student Council of 1953-1954 undertook many worthwhile projects. We give much credit to the able and resourceful government of the council in getting things done for the student body. A few of their activities this year included the Halloween Dance, the decision on what to do with the magazine profits (erection of the football scoreboard), and the Tom Taylor collection for Korean War Orphans.

The Student Council must okay any venture or project that a class or club wishes to undertake. A requisition must include the price, date and form of music (band or records). If the Student Council decides that it is going to be a satisfactory and desirable dance, and if there is nothing else scheduled for that date, they give their okay. Indeed, the very fate of classes is decided in the somber atmosphere of the Student Council.

Roger Handy, Vice President
Don Keeney, President
Herb Sigman, Secretary
Jacqueline Van Dam, Treasurer

Without doubt, the leading statesmen of our time -- Eisenhower, Churchill, Roosevelt and others -- got their first experience in leadership by being active in student government. Perhaps some statesman of the future can say he had his first experience in R. U's Student Council.

Latin Club

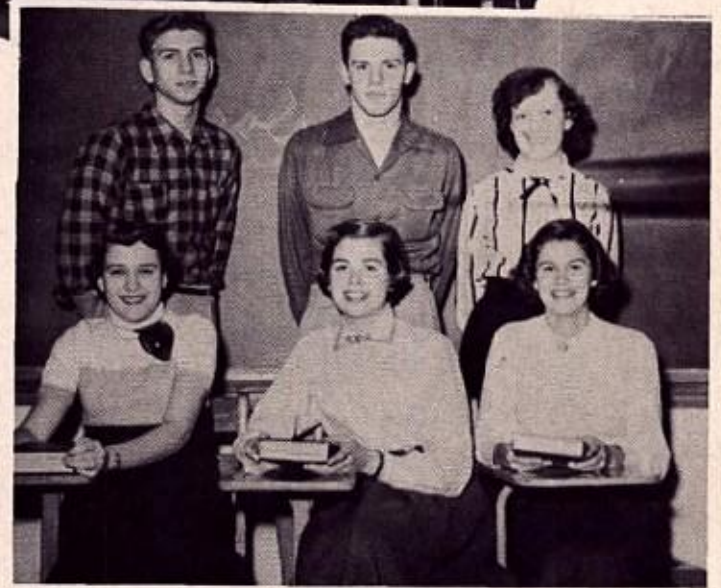

The Latin Club is composed of the students in all the Latin classes. The purpose of the club is to impress upon the members what our modern civilization owes to the language, literature and art of ancient Greece & Rome.

They take annual trips to the Archeological Museum in Ann Arbor and the Art Museum in Detroit.

The big event of the year, though, is the Roman Banquet. Students take the part of guests or slaves and clothe themselves in togas made from sheets.

Their menu consists of grapes, chicken and other such delicacies which the Romans ate.

1ST ROW: B. Johnson, C. Spamer, S. Ginther,
2ND ROW: J. Pearson, K. Waters N. Partain.

The food is served to the guests by the slaves. Appropriate entertainment is also provided for the guests and a good time is had by all.

Reorganized in 1953 the Camera Club is sponsored by Mr. Homer Roberts. The initial aims of this club are to promote photography as a hobby and to increase the students knowledge of its fundamental techniques.

Thespians

The Thespian membership is made up of all the students who have anything to do with dramatic presentations, whether they had the starring role or were just stagehands.

Our club is a local chapter of a national organization. The aim or purpose of the club is to further interest in dramatics throughout the student body by such projects as promoting and staging plays during the school year.

Initiation of officers and members is accompanied by a banquet held in the cafeteria.

"R. U. Downs Walled Lake,"
"Magazine Sales Over and a Success,"
"Christmas Concert Draws Crowd."
Such headlines told the story of Redford Union activities this year.

And behind the stories were hours of labor. The staff had the usual problems of getting enough advertising and circulation to finance the paper. Inexperienced writers learned the difficulty of getting good copy. A wealth of experience can be had in publication work and the Warwhoop Staff has had its share of experience.

SEATED: B. Blair, M. Rowley, J. Amudson, C. Koppen. STANDING: D. Vermeulen, R. Jones, T. Forrester, L. Greenwood.

Blue and Gold Staff

Although we were inexperienced, the 1953-54 yearbook staff decided we would put out the best annual R. U. had ever seen. We scurried around, read 127 annuals from various schools, argued, debated, called in various printing agents, and finally decided on the plan we thought would give you the best looking book.

So, we started in, and we really worked! To promote the sales we made posters, gave announcements, and sponsored a spectacular assembly!

And that was only part of it! We worked far into the night, Saturdays, and school holidays to meet our deadlines. To coordinate layout designs, art, and copy to carry out our theme was no small task.

However, we enjoyed every minute of it, and we wish to thank all the students and faculty who cooperated to make this book of memories a success.

Under the competent direction of Mr. Datus Moore the band offers an outlet for those students with a stored-up abundance of musical energy.

Every year the band presents a concert and stage show patterned after a big-name TV Show. During the football season the band marches on the football field in formations that require many hours of practice. Other activities include participation in the Ann Arbor Band Day, the Michigan State Fair, and at a Lion's football game.

Under the sponsorship of Miss Yeoman and Miss Young, this club clearly indicates that more stress is being placed upon the social values of athletics.

Points are earned for participation in major and minor sports. They are also given for nonsport participation which includes business and council meetings, outings and straight A's in gym for one semester. Play days with other schools are also part of the program.

Varsity Club

The valiant boys of this club are those who have won their varsity letters. Without doubt, it is a select and elite group, and every phase of sports is represented.

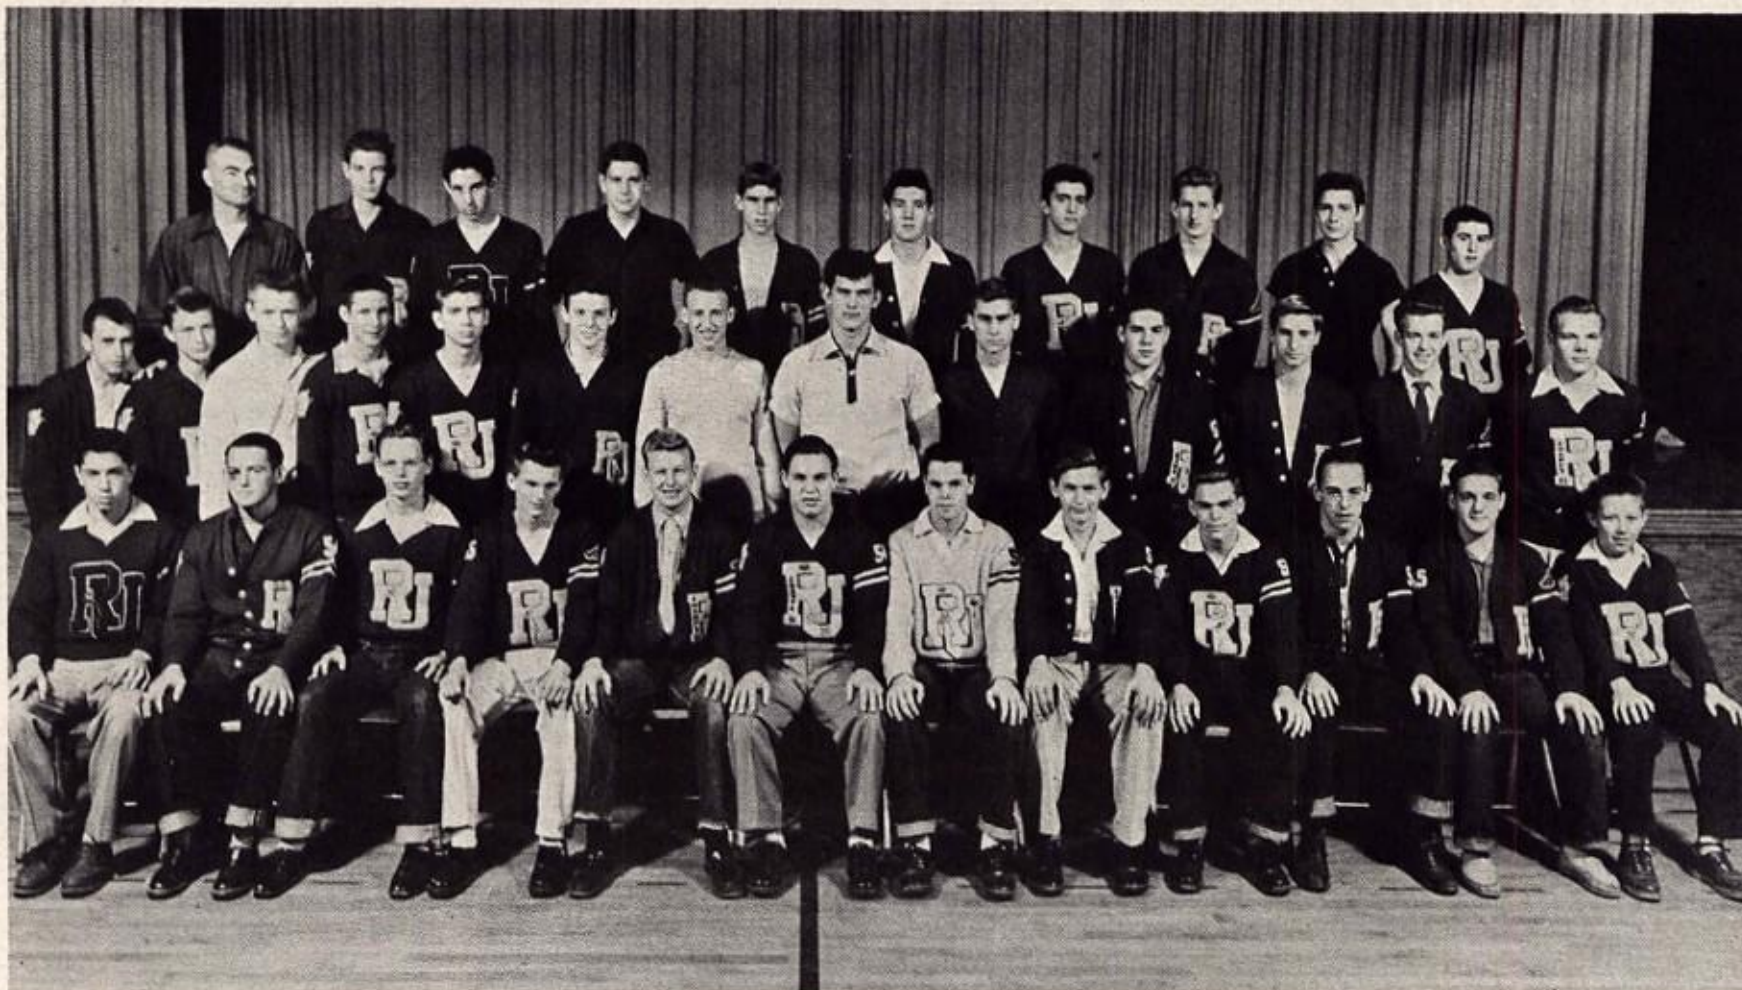

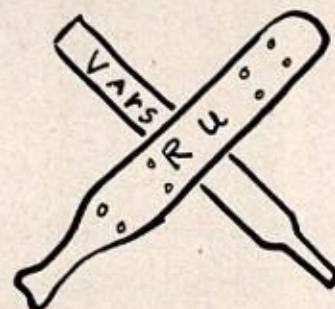

Each year the first-time letter winners are initiated and finally admitted to the honorable ranks.

The Varsity Club initiation is quite famous. One well-known feature of it is the Mohawk Hair Cut sported by the initiates.

The activities of the club include their annual picnic, and this year as a special feature they attended the Michigan State-Pennsylvania football game.

Pep Club

This is the club behind the team. The Pep Club sponsors the varsity and reserve cheerleaders, the Sportsman's Banquet, and this year co-sponsored with the Varsity Club the election of the Football Queen and her court.

Miss Yeoman is the sponsor and Dorothy Brenner is the President. The only requirement for membership is that you must be at least in the tenth grade, attend the meetings, and pay your dues.

No one will deny that this club really has PEP!

The Voice of Christian Youth Club has been a prominent organization for the last six years in R. U.

The club constitution states the purpose as such: to make a living Christ known among faculty and Student Body through personal witness and club activity; to promote among students an interest in Christian fellowship and faithful church attendance in the church of their choice; to provide Christian fellowship and promote higher scholastic standards; and to present a united front against the forces of despotism and juvenile delinquency.

The activities of the year, besides the weekly devotional meeting, have included sponsoring buses to the "Billy Graham Crusade;" A "Christmas Special" party at which Miss Arnold showed her Holy Land pictures; and a never-to-be forgotten assembly featuring the movie, "Oiltown, U.S. A."

The Hi-Y Club is actually the only service club in school. It's purpose signifies: to create, maintain, and extend throughout the home, school and community high standards of Christian character. The club endeavors to promote clean scholarship and sportsmanship. Due to the fact that there have been some difficulties in getting established their program has been limited in our community. However, they believe that their future is bright and promising.

 Blue and Gold -- Fight, Fight

Probably no group in school contributes more to school spirit than the three cheerleading squads.

These girls are loyal and hardworking, spending hours after school rehearsing for perfect precision.

To be a varsity cheerleader is the peak of achievement. One hundred points in Pep Club are required before a girl can ever try out.

Thanks, kids, for leading us in our yells.

Debate Team

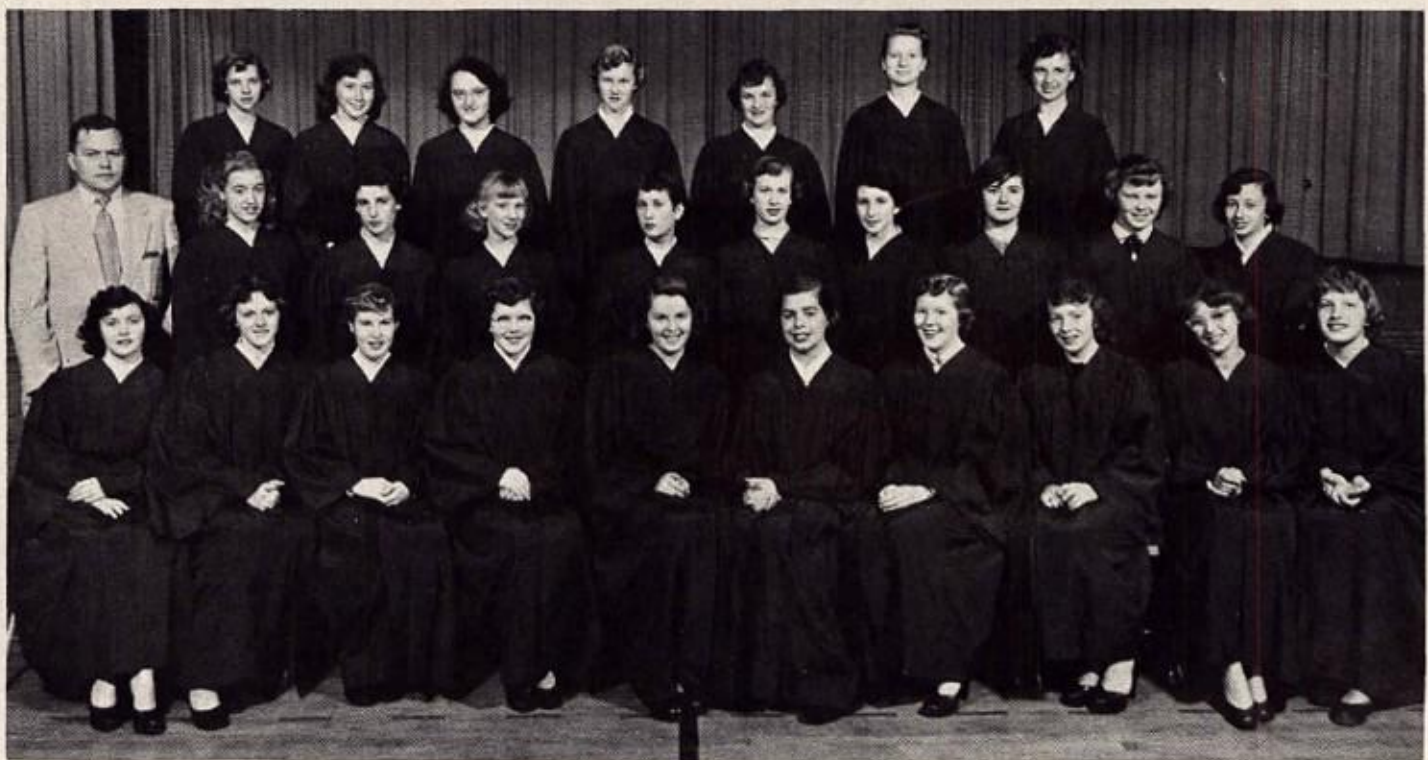

ROW 1: M. Chamberlain, B. Johnson, N. Beaudin, H. Sigman, G. Paxton.
ROW 2: P. Penny, Miss Diddums, P. Riley, G. Anderson.

Debators spend many hours in research. Usually, there is one subject under consideration for an entire year. This year's problem was: "Resolved, the President of the United States shall be elected by popular vote."

By holding debates with other 6-B League schools the team has been challenged to intense study.

Vocal Music

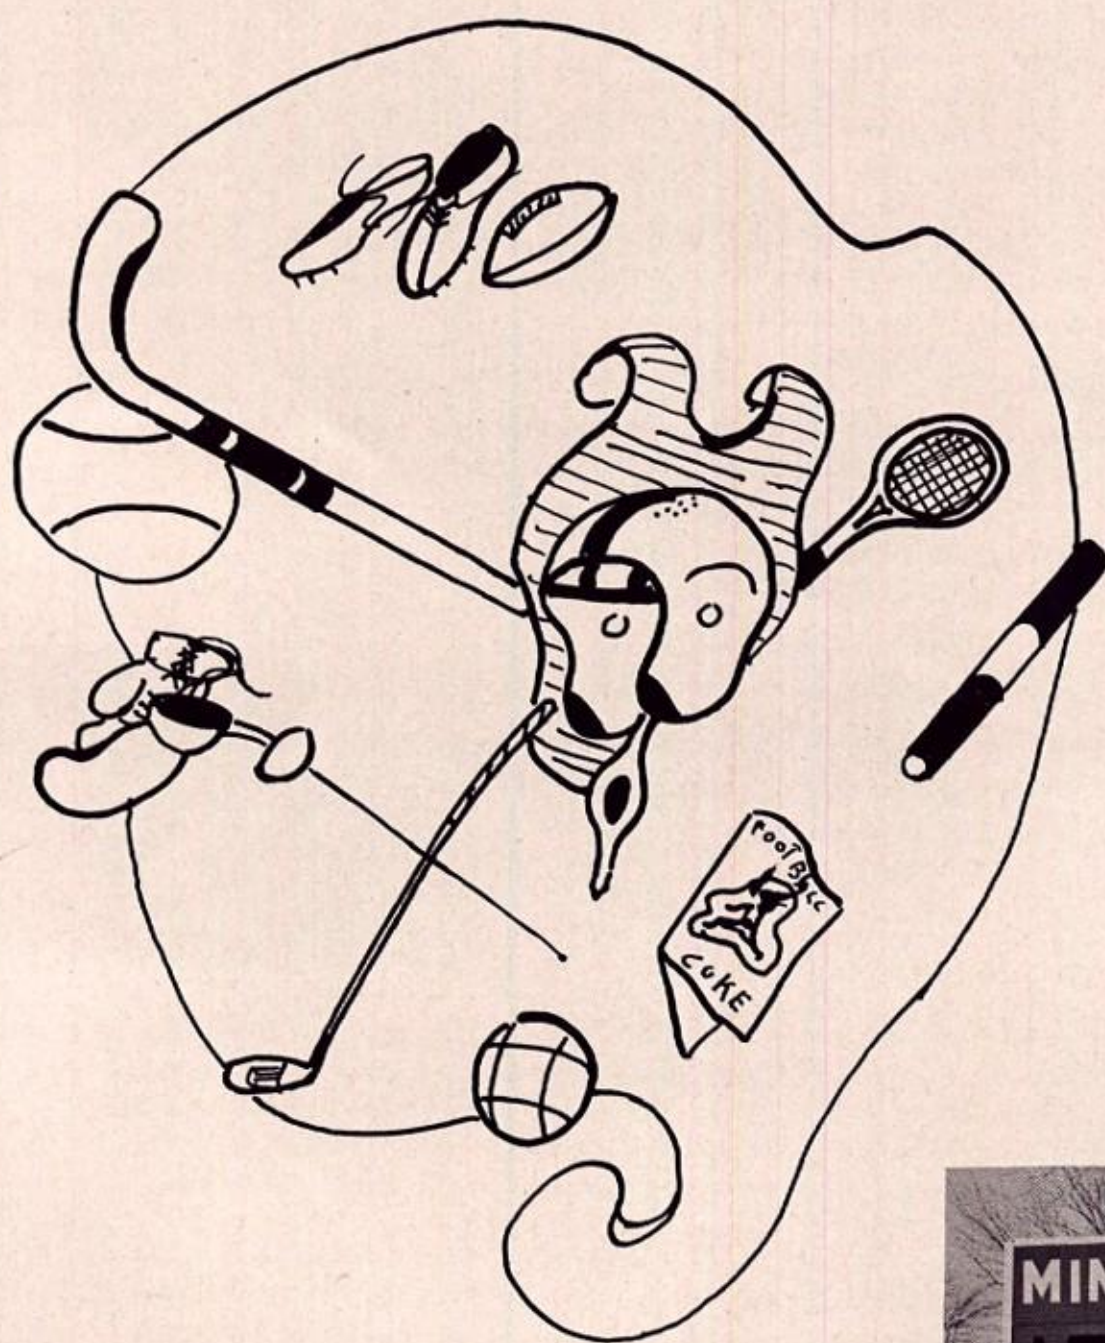

The Triple Trio and Double Sextet are select groups of singers from the chorus classes. They are in demand at Christmas programs, Commencement exercises, and other special events.

Football practice started a week before school began. In the hot, late, August sun the potential football stars practiced three to four hours every day.

The team started to shape up pretty well. By September 18, we were ready for the first game with Walled Lake.

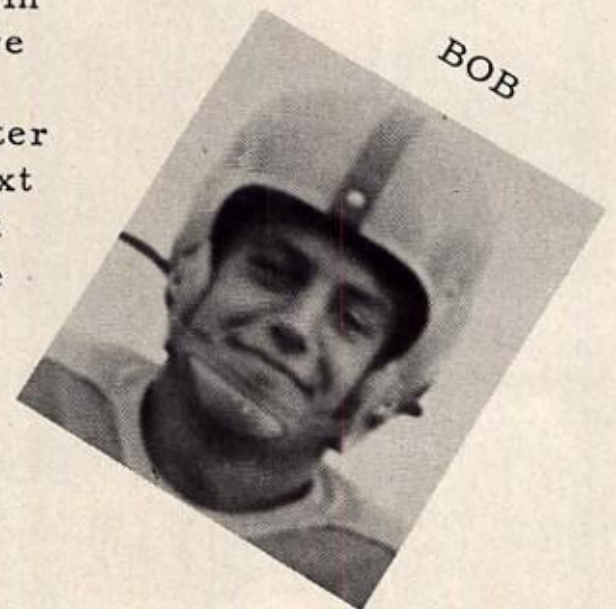

We won. It was the second time in Redford Union's history that we had beaten Walled Lake.

The Redford Union team, after winning this game, lost the next four in a row, but came back with fighting spirit to win the last three games.

The Freshman Football Team of 1953, although having started out at a rather slow pace, under the supervision of Coach Kostigan - ended the season by winning their last three games, giving them a 500 average. This gives definite proof that the team improved with practice.

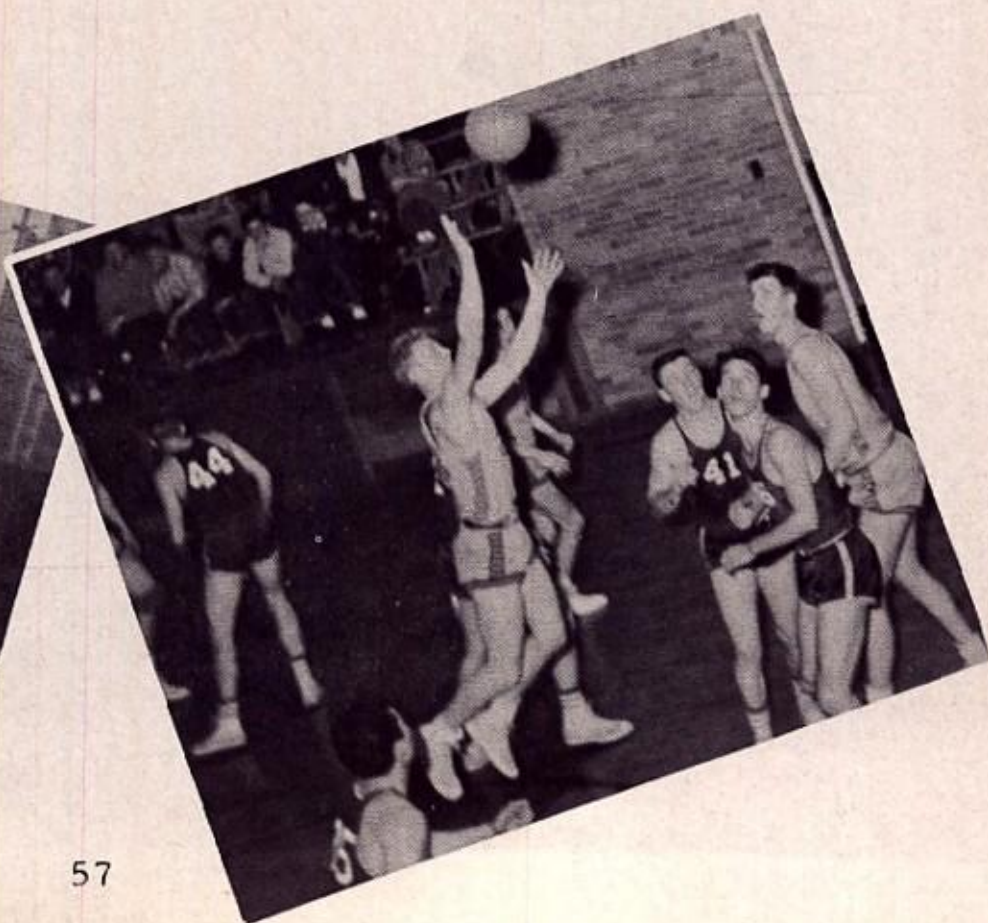

The team seems to show good possibilities for the future and with practice may compose a future star football team for Redford Union.

Frank Driscoll, Larry Tengal, and Lee Dearth were co-captains for the season.

JUNIOR HISTORY

The history of the Junior Class is a series of money-making schemes. In our Sophomore year we gave a bang-up Sadie Hawkins Dance that was a huge success. This year we decided to sell refreshments at the home football games and this proved profitable. We also sold letters to decorate jackets and sweaters. Our March project was the Shamrock Shimmy.

Because of the gradual merging of half year classes with June classes, the grades have undergone considerable shifting this year. We lost some members to the seniors but gained some from the sophomores.

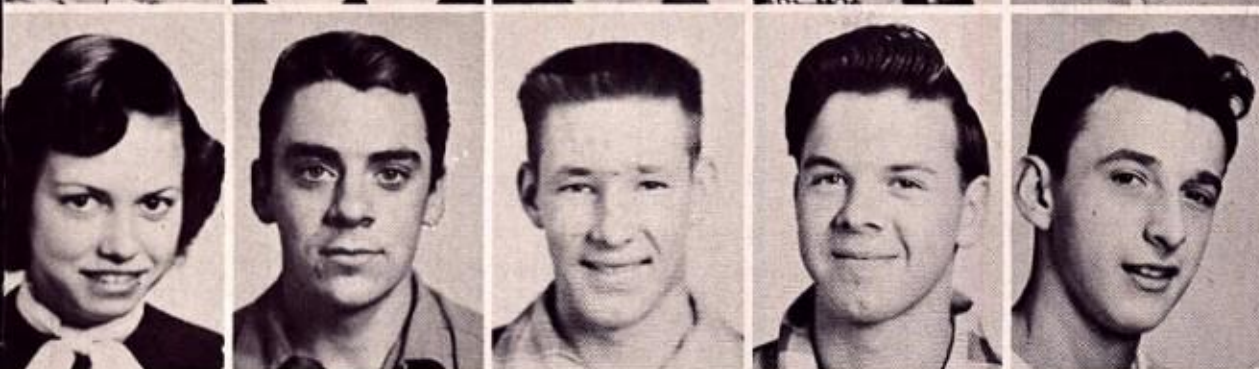

In spite of this adjustment, we worked together smoothly and make plans for our biggest event of the year - the Prom.

Looking back we realize that we have stored away many happy memories including our end-of-the-year picnic. Now with excited anticipation we look forward to being seniors.

SOPHOMORE HISTORY

Undaunted by strange new subjects such as geometry, biology, or world history, these former freshmen are now well acquainted with the procedure of school activities.

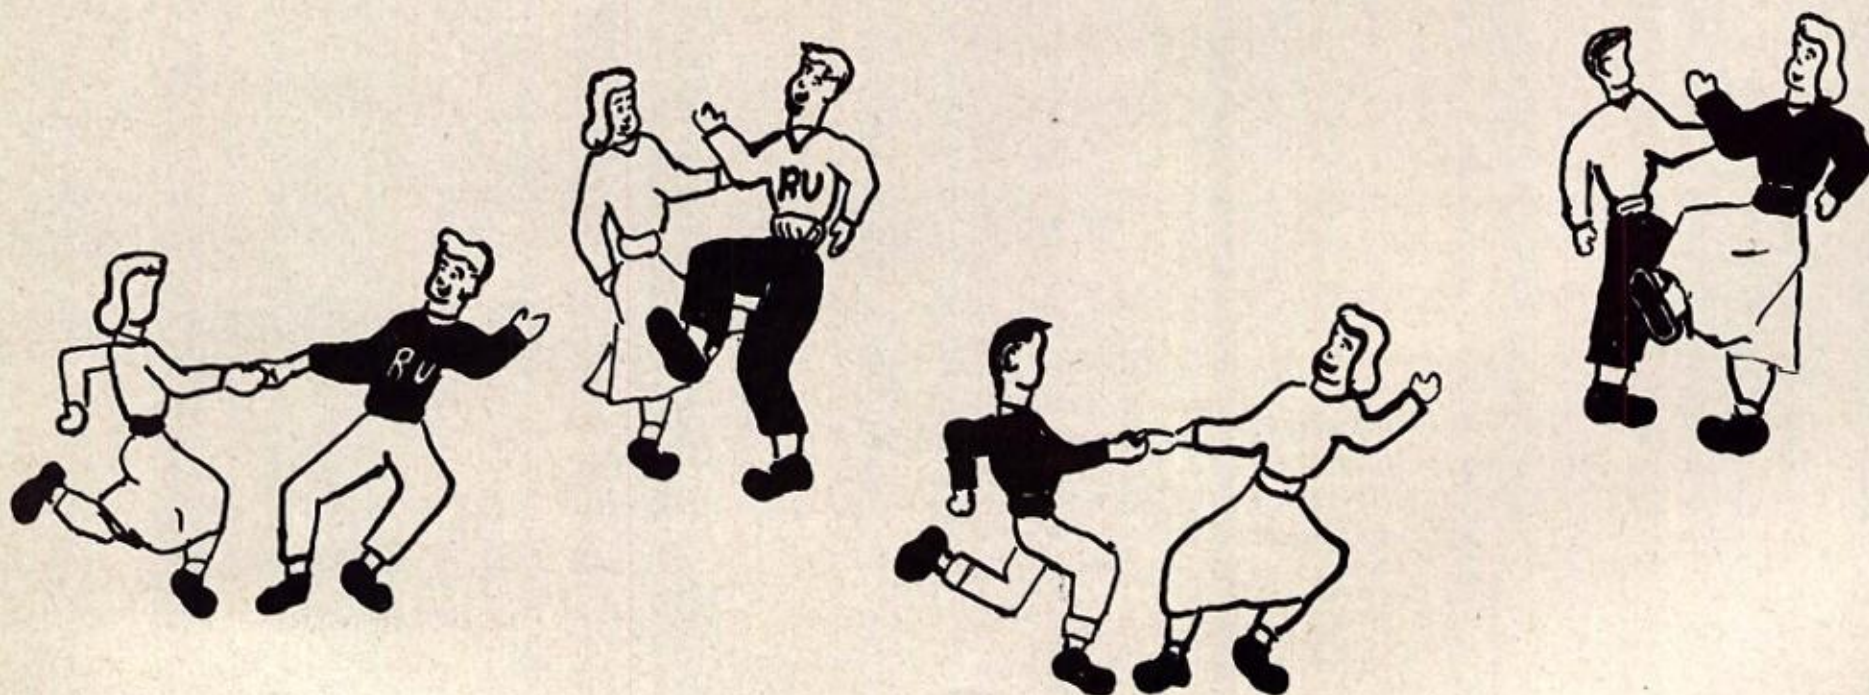

They learned the problems of organizing and sponsoring such activities as dances. This year they gave the Sadie Hawkins Dance, a turnabout, which gave the girls a chance to see what strain and stress boys go through when asking a girl for a date. For their first attempt, it turned out very well.

Several of the boys who went out for sports have already played on the Varsity team.

A few of the more dramatically inclined sophomores were in the Senior Play, "What A Life," and did very well.

As a climax to their second year in high school, the sophomores, with the freshmen, held their annual class picnic which was in June, at a nearby lake. The kids ate, went swimming and boating

Now with happy thoughts, gleaming eyes, (and a full stomach!) they can look forward to their junior year.

FRESHMAN HISTORY

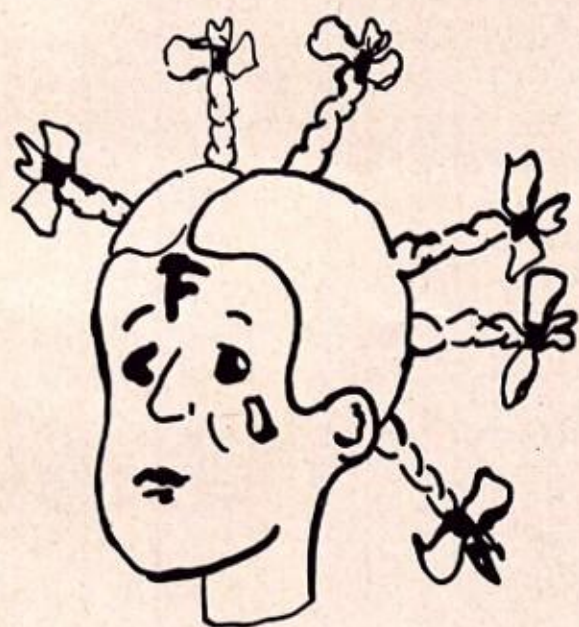

These merry Freshmen entered Redford Union High a proud and energetic group ready to tackle any problem which might arise.

During the horrors of initiation, these beginners could be seen scurrying about the halls in outlandish costumes carrying the upperclassmen's books, polishing their shoes, and catering to any little whims which they might have. But, it's all part of the fun of embarking on your high school career. Finally, they settled down to the routine of normal school activities.

They produced an enthusiastic football team, which appears to show promise for future athletic purposes. For basically, here is the foundation on which you build the Team of strength. To support their team, the freshmen also furnished a cute squad of cheerleaders.

They have a good beginning for some day these humble freshmen will be ruling seniors. Then, they, too, will fall heir to all the privileges and distinctions that, by tradition, belong to seniors.

Education is the foundation of this country's greatness. In every phase of study unlimited fields, or careers, stretch out before us as far as we care to go.

Who knows for what scientific discovery one of our students may be responsible?

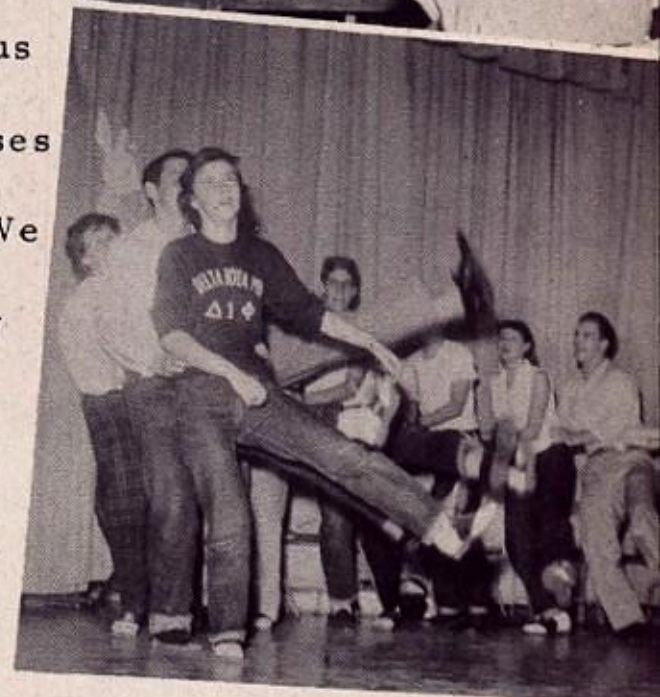

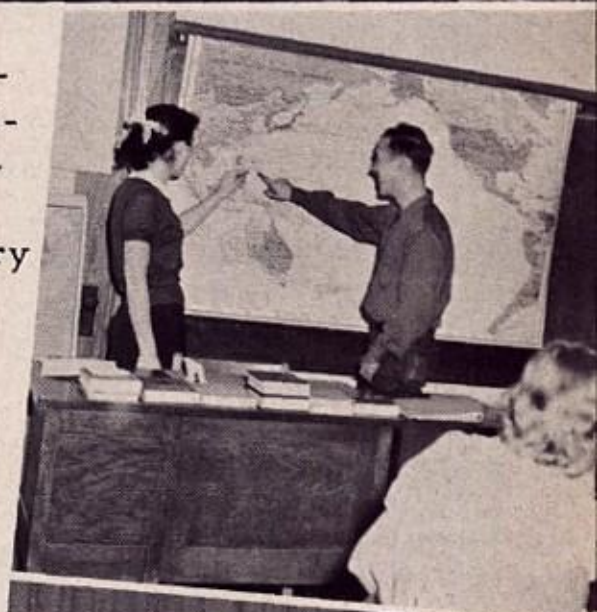

Or how high one of our art students may climb?

Or what car an auto mechanics student may design?

Or what national magazine one of our annual staff may edit?

In the forthcoming age many of us will probably travel to many places described in our WorldHistory classes or whose foreign policy we hashed over in International Relations. We may even take expeditions to the moon-or at least prepare the way for our children to go.

Or better yet, because of our education, we shall undoubtedly take our places as dependable citizens and families in typical American communities.

The logo for the National Bank of Detroit is presented within a rectangular frame that has a metallic, brushed appearance. The frame is secured by four circular fasteners, one in each corner. The text "NATIONAL BANK OF DETROIT" is centered within the frame in a large, bold, serif typeface. The letters are white with a subtle drop shadow, giving them a three-dimensional look as if they are floating slightly above the metallic background.

CONGRATULATIONS

TO THE CLASS

'54

Few things worthwhile in life are accomplished in a single stroke. Ladders, for example, are more safely and surely climbed one rung at a time, from the bottom up. We get where we are going one step at a time, not in a single leap. The world moves on and we, who are in it, progress in a seemingly slow succession of forward strides, each paving the way for the next.

Your graduation from Redford Union High School is your first major step. The importance of your next step is not WHETHER you will take it, that is inevitable, but HOW you take it.

The Lincoln-Mercury General Parts Depot joins with the entire Lincoln-Mercury organization in extending sincere congratulations to the graduating class of '54, and wishes each of you the best of success for the coming year.

... only the
beginning

Ever stop to think what the world was like before electricity became everybody's servant? It's difficult to picture! Electric power serves so faithfully we just take it for granted.

Edison's incandescent lamp, heralding the birth of modern electric service, finally became more than a dream 75 years ago. To help turn this dream into reality, other men provided the finances Edison needed. Their joint achievement is an example of how financial risk-taking and individual ingenuity combine to the benefit of all people.

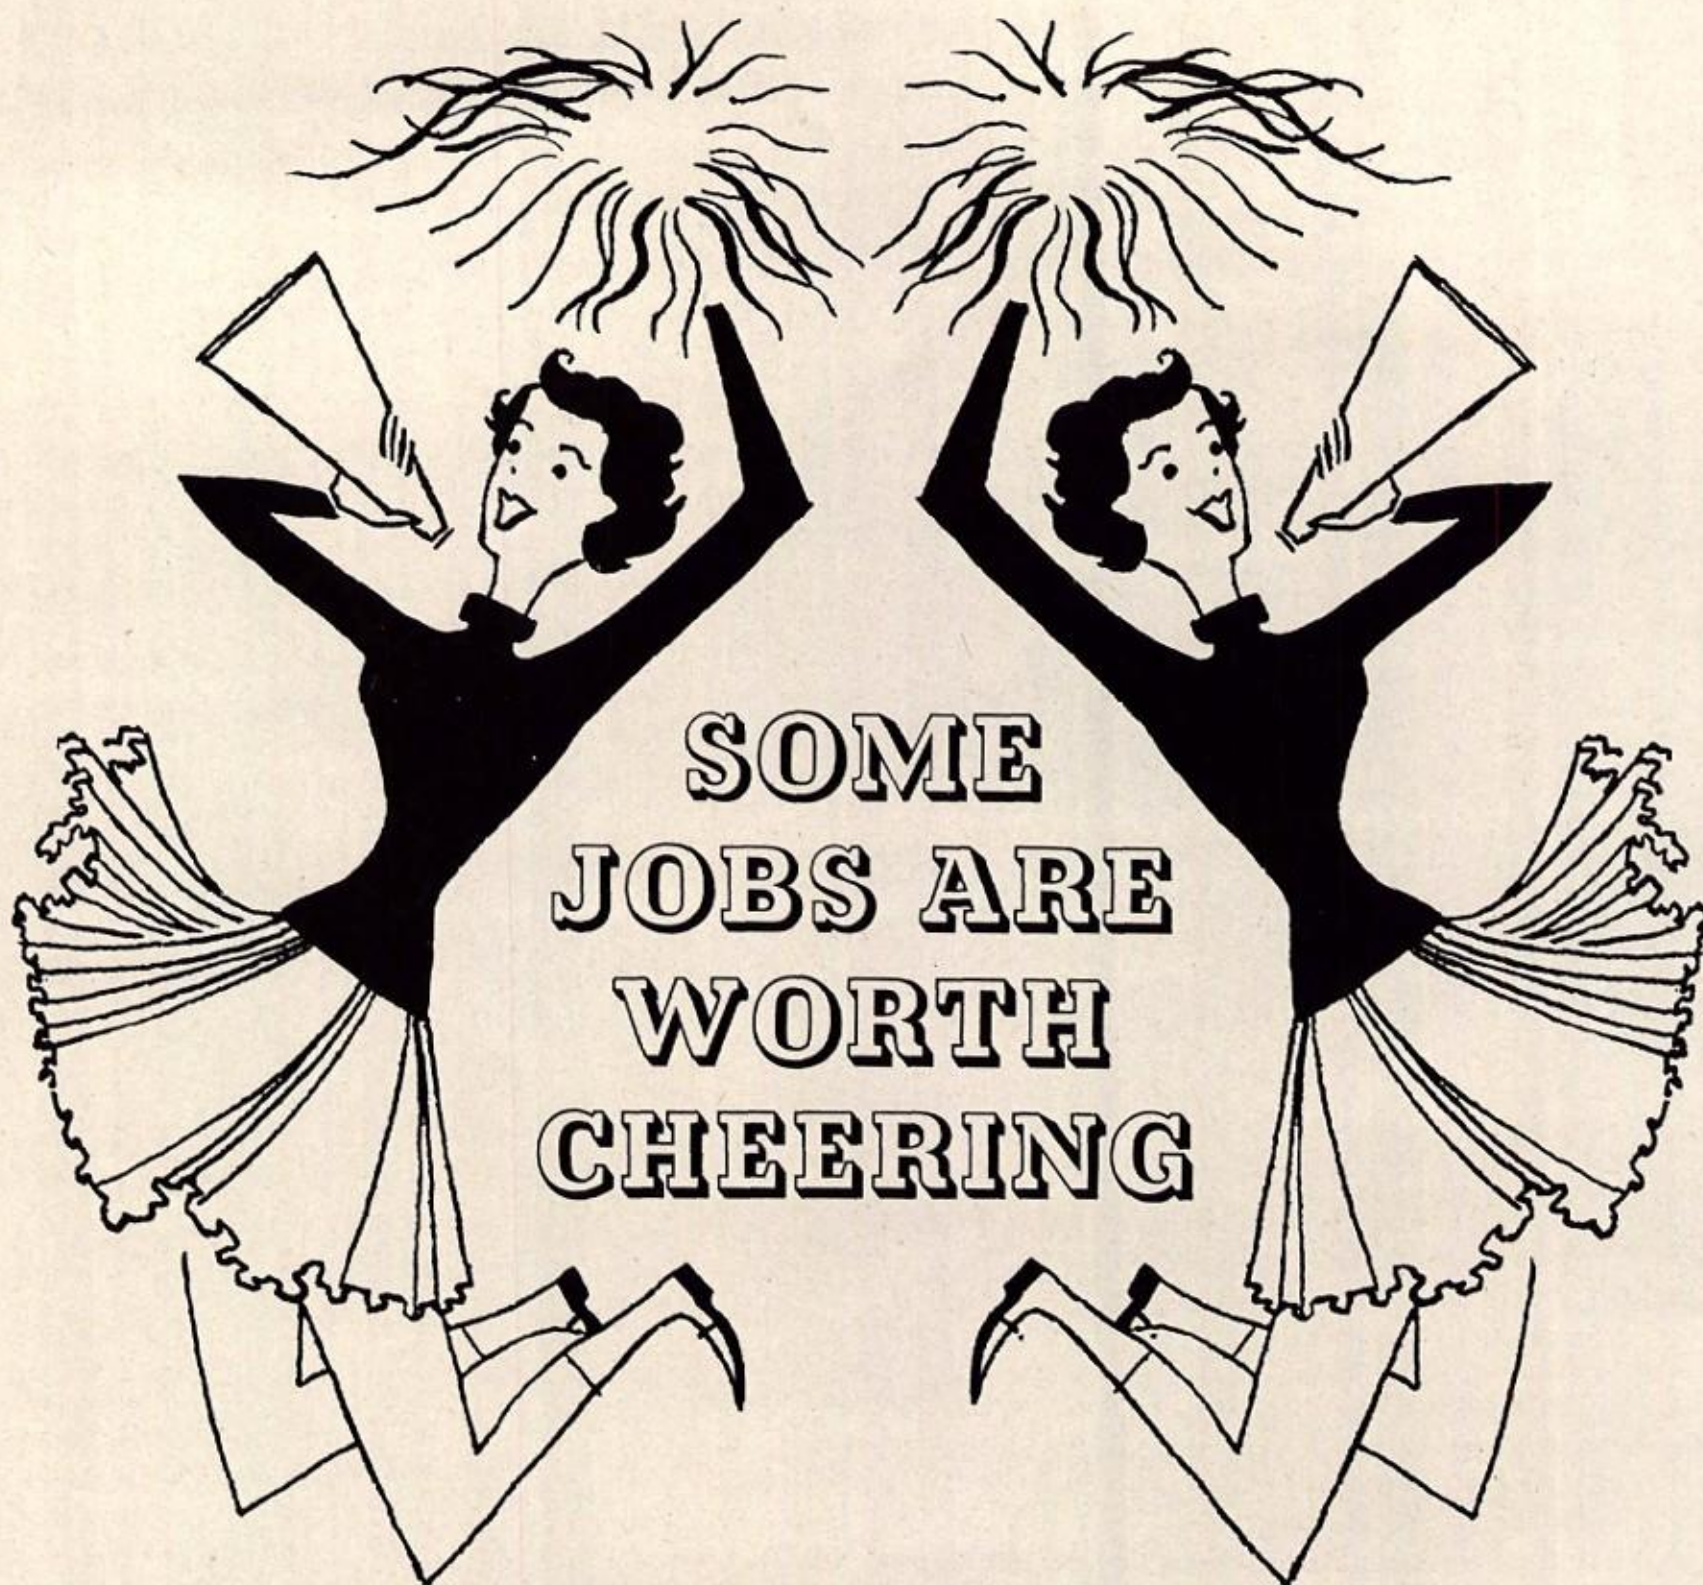

But our present way of living is only the beginning. Electricity promises for the future still greater marvels and better service.

It requires men and women with many skills to provide this service. If you would like to work with such people why not get in touch with Edison's Employment Office?

THE DETROIT EDISON COMPANY

2000 Second Avenue, Detroit 26, Michigan

Take the Telephone Company, for example. Anyone who works for Michigan Bell will tell you it's everything a girl could want in a job.

First, you don't need any experience. You learn your job *on the job*, and earn a good salary while learning. Raises are regular and frequent. Your income is steady, you can always count on it and you get annual vacations with pay.

Another nice thing about telephone work is that you'll associate with people your own age, just out of school, too. You'll work in clean, bright, pleasant surroundings. Whether you prefer to start as a telephone operator, a teller or a clerk, you'll find opportunities for advancement.

We'd like to tell you more about these and other interesting telephone jobs. Visit us soon, won't you?
